

# Safety Solvent Cleaner & Degreaser

Safety Solvent is a specially formulated, high performance blend of safe, organic solvents designed to quickly dissolve and rinse away dirt, grease, grime, oil, tar and wax while being both environmentally safe and ozone friendly. Safety Solvent starts working immediately on contact, breaking down and dissolving even the most stubborn contaminants without the use of flourinated, chlorinated or SARA listed ingredients. Safety Solvent slowly evaporates while cleaning and leaves a residue-free surface. Safe on all metals and most plastics. High 29,000 volt dielectric strength makes Safety Solvent an excellent choice for cleaning electrical and related equipment. Safe, nonflammable C02 propellant.

#### **Features:**

- Replaces 1:1:1 Trichloroethane
- Low Odor
- Nonflammable Propellant
- Natural Organic Formula
- Residue Free
- Safe on all Metals and most Plastics
- Ozone Friendly
- Environmentally Safe
- USDA Authorized
- Biodegradable

#### **Applications:**

Safety Solvent is the ideal, environmentally safe, ozone friendly product for a wide range of automotive, industrial and marine cleaning applications such as:  
Engine Components, Appliances, Alternators, Metal Surfaces, Cranes, Terminals, Bearings, Machine Parts, Tools, Chains, Forklifts, Winches, Electrical Motors, Cables, Gears, Injectors, Generators, Wire Rope

#### **Product Characteristics:**

- Spray Pattern-Typical: Tight Stream
- Propellant: Carbon Dioxide
- Solvent Type: Mixture of ISO Paraffinic & Citrus Fluids
- Specific Gravity: 0.85
- Density: 7.1
- Flash Point: >120 F (49 C)
- Dielectric Strength & Breakdown Voltage (ASTM D-877): 29KV

Available in a case of (12) 20oz cans.
