

Citrus Blaster-Tar, Bug & Adhesive Remover

This heavy duty degreaser owes its performance to a pure natural solvent derived from orange peels. Ready-to-use formula dissolves its way through industrial strength tar, adhesives, bugs, roofing cement, grease, asphalt, graffiti, permanent marker and more-leaving behind a fresh orange scent.

A bolt of true cleaning power. Charged with nature's own d'Limonene-a pure, powerful solvent-this formula contains no petroleum solvents and smells orange fresh. Instantly dissolves and lifts tar, asphalt, adhesives, pitch and much more.

Available in a case of (12) 20 oz cans.
